## 2018 IAAF U20 CHAMPIONSHIPS SELECTION CRITERIA

### OVERVIEW

### 2 **TEAM OBJECTIVES**

- To increase the number of Canadian athletes who improve on their pre-event ranking, seasonal best and personal best, number of medals, top 8 and who place in the top half of their field at the most recent IAAF U20 Championships.
- 2016 Seasonal Bests = 18, Personal Bests = 13, medals = 2, top 8 = 9, top half of field = 19

### 3 **SELECTION PROCESS**

All selections will be made in accordance with Athletics Canada's (AC) [National Team – Selection Rules Book](#).

**NOTE: It is the responsibility of the athlete to submit eligible performances to Athletics Canada at [results@athletics.ca](mailto:results@athletics.ca) in order to be considered for selection.**

#### 3.1 **The National Team Committee (NTC)**

The NTC is comprised of the following:

- **Chair**
- **Voting Members** – Athletics Canada Technical Staff (two), Event Specialists (two), Branch Representatives (two, as designated by Branch Council), and Athlete

Representatives (two, as designated by the Athlete Directors). In the case of a tie, the Chair of the NTC has the tie-breaking vote.

- **Non-Voting** – Can be asked to be present at parts of an NTC Selection Meeting depending on expertise and input required, but might include: Athletics Canada coaching and Integrated Support Team (“IST”) staff, statistician, legal advisor, as required.

### 3.2 Selection Process

The top two (2) ranked eligible athletes (see section 1.3) who have achieved the Qualifying Standard (see Appendix A) during the Qualifying Period (see section 1.2) may be selected.

NOTE: Ties will be broken in the following priority order:

- 1) Second best performance within the Qualifying Period
- 2) Head-to-head results within the Qualifying Period
- 3) Most recently achieved standard

If athletes remain in a tie, the NTC will apply its discretion to break the tie.

### 3.3 Selection For More Than One Event

Athletics Canada (“AC”) believes that athletes and coaches should carefully consider contesting more than one event (not including the relay) at the IAAF World U20 Championships. If an athlete is likely to qualify for more than one event, the athlete and their coach should carefully consider whether it is wise to attempt competing in more than one event (i.e. a “double”), as the case may be. In making a determination, the athlete and their coach should consider the following factors:

- (i) the World U20 Championships timetable;
- (ii) the likely local weather and other environmental considerations (including altitude);
- (iii) the likely opposition (i.e. the level of competition and depth of field in the particular events);
- (iv) the maturity of the athlete; and
- (v) experience of the athlete.

Specifically, AC believes that contesting multiple endurance events in the same championships is particularly challenging at the IAAF World U20 Championships – both for results at these championships and for the athlete’s long term future development. AC will be available to assist coaches, athletes and/or parents, as the case may be, in coming to a decision about competing in more than one event (i.e. “doubling”) at these championships.

AC has set the following selection rules for athletes wishing to compete in more than one event:

U18 athletes – see section 1.6.

Other team members: Athletes may be selected for more than one event, within the overall IAAF World U20 Championships entry rules.

### 3.4 Selection for Relays

Depending on available athletes, Team Canada will compete in the 4x100m and 4x400m relays with the goal of top 8 performances or better.

- The NTC may select up to six (6) athletes per relay.
- The appointed Team Relay Coach, in consultation with the team's Head Coach, will determine which team members make up the relay team and the running order. Any team member may be asked to run in the relay. Potential athletes will be notified in a timely manner.
- All potential athletes will be expected to sign a "Relay Agreement", which outlines responsibilities of selected relay team members, which includes expectations and commitments to the team. Athletes who fail to sign the agreement will be removed from the relay pool.

#### IMPORTANT NOTE:

**All athletes, if requested by the team head coach, must be prepared to compete in relays.**

## 4 FINAL PHASE PREPARATION REQUIREMENTS

### 4.1 Training and Competition Plan

Selected athletes (and/or their coaches) are required to present a training and competition plan for the period June 25 to July 15, 2018 to the Manager of Athlete Services, Corey Dempsey at [cdempsey@athletics.ca](mailto:cdempsey@athletics.ca) on or before June 25, 2018.

All plans must address the following:

1. The schedule and list of planned competitions, travel and training locations.
2. Present a training cycle for the final phase showing patterns of training load and recovery on a weekly basis.
3. Injury prevention and medical intervention strategies if applicable.

Athletes must notify AC in **WRITING** of any changes to their plans.

### 4.2 Injury or Illness

Athletes who arrive at an international competition injured or ill consume a disproportionate amount of IST time and resources that should be spent on preparing healthy athletes to compete at their best. It is therefore AC's intention to work with the selected athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and

long-term potential is optimized. With this in mind, the NTC reserves the right to deselect injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

Once selected, and ongoing until the IAAF U20 Championships, athletes are required to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Notification must be sent immediately to Corey Dempsey at [cdempsey@athletics.ca](mailto:cdempsey@athletics.ca).

Once notified of an athlete's injury, illness or change in training status that could affect their performance, AC team staff will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete at their best. This determination will comprise of two steps:

#### **STEP 1: Medical Clearance**

Generally done by local IST in collaboration with AC's national IST and consists of 2 phases:

- a) An initial medical evaluation and paramedical assessment(s) to confirm the diagnosis and determine if/when the athlete is fit to return to full training or competition.
- b) A functional evaluation by IST with experience specific to the event demands (and injury or illness if applicable). This may include assessment of the athlete's movement pattern, for example, during a run, hurdle, jump, walk, or throw to identify dysfunctional movement patterns that may be contributing to the injury and potentially increase the risk of re-injury or undermine their competition performance.

#### **STEP 2: Specific Evaluation**

Following medical clearance by the medical team, a more comprehensive physical readiness test (the "Performance Test") to compete will be established as follows:

- Determination of the Performance Test will involve the AC national event group coach, the event head coach, and the personal coach.
- The Performance Test will vary according to the event, injury or illness.
- The Performance Test will be objective, measurable, fair, realistic, specific to the event, and challenging.

In the case that the athlete is deemed unfit to resume training/competition, or does not meet the Performance Test standard, the athlete would be declared unready for competition and the results of the two steps will be forwarded to the NTC for a decision.

The NTC will use all available information at their disposal including performance results and progress in the final phase, suitability of the training and competition plan, fitness and other final phase indicators, consultation with the AC national event group coach, AC national IST leads, the athlete's personal IST, and any other performance related information (ie Performance Test results when applicable) to determine if the injured/ill athlete will be deselected and will not travel with the team.

The NTC may nominate the next eligible athlete, provided that the alternate athlete has proven their preparation during the final phase and meets all event specific requirements in regards to qualifying standards and timelines.

#### **4.3 Health Questionnaire and Anti-Doping**

Upon selection, all athletes will be required to complete a Medical Information Form. These questionnaires will ask athletes to declare all supplements and medications that are being used prior, during and after the event. Athletes who need to take medications while competing **must** ensure they have a completed and approved IAAF Therapeutic Use Exemption (TUE), if required, prior to selection. **Note:** It is not the responsibility of the AC team physicians to complete the documents for TUEs on behalf of the athlete. This should be done by the physician who prescribed the medication that requires the TUE. AC team physicians are available, however, for questions related to whether or not a TUE is required. Information regarding the TUEs for IAAF events can be found here:

<https://www.iaaf.org/about-iaaf/documents/anti-doping>.

#### **5 APPEALS**

Only athletes who are eligible to be considered for selection (see sections 1.3 and 3) and who have achieved the Qualifying Standard (see Appendix A) during the Qualifying Period (see section 1.2) may submit an appeal for selection to the Commissioner's Office. Please refer to the [National Team Selection – Rule Book](#) and the [AC Rules and By-laws](#) Section 140.06 & 140.07 for further information. An appeal has to be submitted to the following e-mail address [athleticscanadacommissioner@gmail.com](mailto:athleticscanadacommissioner@gmail.com).

**Note:** Due to the IAAF entry deadline (June 25, 2018), all appeals must be received by the Commissioner's Office within 48 hours of publication of the team list.

Contact the Chief Financial Officer Sylvie King ([sylvie.king@athletics.ca](mailto:sylvie.king@athletics.ca)) for payment options of the \$250 appeal fee. The appeal will not be reviewed until the appeal fee has been paid.

#### **6 AMENDMENTS TO THE CRITERIA**

The NTC reserves the right to amend the Criteria prior to the Selection Date. The NTC may

amend the Criteria under the following circumstances:

1. When additional (or altered) information that is deemed relevant by the NTC to the Criteria is provided by external parties, such as (but not limited to) an event organizing committee, Sport Canada, the Canadian Olympic Committee, IAAF, or any other relevant organization; and
2. To correct, clarify or amend any inconsistencies, errors or omissions in the Criteria.

Any amendments made by the NTC are deemed to come into effect immediately upon publication on the AC website. The NTC will publish the amended Criteria by whatever means and wherever the original Criteria were published.
