2018 YOUTH OLYMPICS

SELECTION CRITERIA

OVERVIEW

All selections will be made in accordance with Athletics Canada’s (“AC”) [National Team – Selection Rules Book](#). AC is limited in entries by Canadian Olympic Committee (“COC”) rules and regulations that will always take precedence should there be any contradictions contained within the Selection Criteria (the “Criteria”). Attached to the Criteria, and forming an integral part of it, is an Appendix. The National Team Committee (“NTC”) is responsible for the implementation of the Criteria and has the sole authority and discretion to make all decisions relating to the selection of the team for the Youth Olympics.

1.8 Funding

This team will be jointly funded by AC and the COC.

1.9 Team Size Quota

The International Olympic Committee's Qualification System Principles dictate that, irrespective of the number of athletes qualified, the overall Canadian Youth Olympic Team delegation may comprise a maximum of 75 athletes in individual sports. The Canadian Olympic Committee (COC) has allocated at least 10 athlete quota places to Athletics Canada. Any additional qualifications will be subject to the COC quota reallocation process, pending availability of quota places. The deadline to accept additional quota spots is August 28, 2018.

2 TEAM OBJECTIVES

To represent Canada at the Youth Olympic Games which has been created by the IOC to "inspire young people around the world to participate in sport and adopt and live by the Olympic Values."

3 SELECTION PROCESS

All selections will be made in accordance with AC's [National Team – Selection Rules Book](#).

NOTE: It is the responsibility of the athlete to submit eligible performances to Athletics Canada at results@athletics.ca in order to be considered for selection.

The IAAF has established event quota spots for each team – see the IAAF Qualification System [here](#). Canada will compete on the Americas Team, which is a combination of NACAC and Consudatle Federations (North and South America). The Americas Team will be selected based on area rankings compiled by NACAC. As mentioned previously, AC will be allocated at least 10 quota spots from the COC.

3.1 The National Team Committee (previously defined as the NTC)

The NTC is comprised of the following members:

- **Chair**
- **Voting Members** – AC Technical Staff (two), Event Specialists (two), Branch Representatives (two, as designated by Branch Council), and Athlete Representatives (two, as designated by the Athlete Directors). In the case of a tie, the Chair of the NTC has the tie-breaking vote.
- **Non-Voting** – At the discretion of the Chair, individuals may be asked to be present at parts of an NTC Selection Meeting depending on expertise and input required, which might include: Any AC coaching staff, Integrated Support Team (“IST”) staff, a statistician, a legal advisor or any other individual as required.

3.2 Selection Process

- Step 1: The NTC will rank all athletes who meet the eligibility requirements outlined in section 1.3 based on the percentage of the 2018 Youth Olympic Games Qualifying Standard (see Appendix A) achieved during the Qualifying Period (see section 1.2).
- Step 2: Athletes from Step 1 will be selected in priority order; within event and country entry restrictions, until the team size quota is reached (see section 1.9).
- Step 3: Athletes outside the team size quota will be nominated as alternates, who will be added in priority order should additional quota spots become available.

NOTE: Percentage ties will be broken in the following order of priority:

- 1) Second best percentage of the 2018 Youth Olympic Games Qualifying Standard achieved during the Qualifying Period; and
 - 2) Most recently achieved 2018 Youth Olympic Games Qualifying Standard
- If athletes remain in a tie, the NTC may apply its discretion to break the tie.

3.3 Selection for Cross Country

Athletes selected to compete in the 1500m, 3000m and 2000m SC will also be selected to compete in the Cross Country event.

4 FINAL PHASE PREPARATION REQUIREMENTS

4.1 Training and Competition Plan

Selected athletes (and/or their coaches) are required to present a training and competition plan for the period July 16 – September 30, 2018 to the Manager, Athlete Services, Corey Dempsey at cdempsey@athletics.ca on or before July 16, 2018.

All plans must address the following:

1. The schedule and list of planned competitions, travel and training locations.
 2. Present a training cycle for the final phase showing patterns of training load and recovery on a weekly basis.
 3. Injury prevention and medical intervention strategies if applicable.
- Athletes must notify AC in **WRITING** of any changes to their plans.

4.2 Injury or Illness

Athletes who arrive at an international competition injured or ill take a disproportionate amount of IST time and resources that should be spent on preparing athletes that are healthy and ready to compete. It is therefore AC's intention to work with the selected athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and long-term potential is optimized. With this in mind, the NTC reserves the right to deselect injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

From the moment of selection, and ongoing until the Youth Olympics, athletes have an obligation to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Any notification must be sent immediately to Corey Dempsey at cdempsey@athletics.ca.

Once notified of an athlete's injury, illness or change in training status that could affect their performance, AC team staff will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete. This determination will comprise of two steps:

STEP 1: Medical Clearance

Generally done by local IST in collaboration with AC's national IST and consists of 2 phases:

1. An initial medical evaluation and paramedical assessment(s) to confirm the diagnosis and determine if/when the athlete is fit to return to full training or competition.
2. A functional evaluation by IST with experience specific to the event demands (and injury or illness if applicable). This may include assessment of the athlete's movement pattern, for example, during a run, hurdle, jump, walk, or throw to identify dysfunctional movement patterns that may be contributing to the injury and potentially increase the risk of re-injury or undermine their competition performance.

STEP 2: Specific Evaluation

Following medical clearance by the medical team, a more comprehensive physical readiness test (the “Performance Test”) to compete will be established as follows:

- Determination of the Performance Test will involve the AC national event group coach, the event head coach, and the personal coach.
- The Performance Test will vary according to the event, injury or illness.
- The Performance Test will be objective, measurable, fair, realistic, specific to the event, and challenging.

In the case that the athlete is deemed unfit to resume training/competition, or does not meet the Performance Test standard, the athlete would be declared unready for competition and the results of the two steps will be forwarded to the NTC for a decision.

The NTC will use all available information at their disposal including performance results and progress in the final phase, suitability of the training and competition plan, fitness and other final phase indicators, consultation with the AC national event group coach, AC national IST leads, the athlete’s personal IST, and any other performance related information (ie Performance Test results when applicable) to determine if the injured/ill athlete will be deselected and will not travel with the team.

The NTC may nominate the next eligible athlete, provided that the alternate athlete has proven their preparation during the final phase and meets all event specific requirements in regards to qualifying standards and timelines.

Prior to nomination to the COC, the NTC will have the final authority over the dismissal or replacement of any athlete. Following nomination to the COC, any such removals are subject to the approval of the COC Team Selection Committee. Any substitutions after August 30, 2018 are also subject to the IOC Late Athlete Replacement Policy.

4.3 Health Questionnaire and Anti-Doping

Upon selection, all athletes will be required to complete a Medical Information Form. These questionnaires will ask athletes to declare all supplements and medications that are being used prior, during and after the event. Athletes who need to take medications while competing **must** ensure they have a completed and approved IAAF Therapeutic Use Exemption (TUE), if required, prior to selection. **Note:** It is not the responsibility of the AC team physicians to complete the documents for TUEs on behalf of the athlete. This should be done by the physician who prescribed the medication that requires the TUE. AC team physicians are available, however, for questions related to whether or not a TUE is required. Information regarding the TUEs for IAAF events can be found here:

<https://www.iaaf.org/about-iaaf/documents/anti-doping>.

5 APPEALS

Only athletes who are eligible to be considered for selection (see sections 1.3 and 3) and who have achieved the 2018 NACAC U18 Qualifying Standard (see Appendix A) during the Qualifying Period (see section 1.2) may submit an appeal for selection to the Commissioner’s Office. Please refer to

the [National Team Selection – Rule Book](#) and the [AC Rules and By-laws](#) Section 140.06 & 140.07 for further information. An appeal has to be submitted to the Commissioners Office at athleticscanadacommissioner@gmail.com.

Contact the Chief Financial Officer Sylvie King (sylvie.king@athletics.ca) for payment of the applicable \$250 appeal fee. The appeal will not be reviewed until the appeal fee has been paid.

6 AMENDMENTS TO THE CRITERIA

The NTC reserves the right to amend the Criteria prior to the Selection Date. The NTC may amend the Criteria under the following circumstances:

1. When additional (or new) information that is deemed relevant by the NTC to the Criteria is provided by external parties, such as (but not limited to) an event organizing committee, Sport Canada, the Canadian Olympic Committee, IAAF, or any other relevant organization, as applicable; and
2. To correct, clarify or amend any inconsistencies, errors or omissions in the Criteria.

Any amendments made by the NTC are deemed to come into effect immediately upon publication on the AC website. The NTC will publish the amended Criteria by whatever means and wherever the original Criteria were published.
