ATHLETICS CANADA ORGANIZATIONAL STRUCTURE RULES

SECTION II

ATHLETICS CANADA COMMITTEE STRUCTURE

Types of Committees

AC's Committee structure is consolidated into four categories:

4. Committees will have Terms of Reference approved by the Board
5. On an annual basis, the Board will review each Committee's terms of reference, and will identify expected outcomes. This review will ensure that each Committee is meeting its objectives, continues to be relevant, and is following its Terms of Reference
6. The Chair of each Board Committee will be appointed by the Board. The CEO (or designate) will be the Chair of each Operational Committee. Committee Chairs of Board Committees will serve terms of two years, in the year that the Chair of the Governance and Nominating committee is standing for re-election, the committee shall create a Nominating sub-committee to be chaired by one of its members, other than the Chair of the Governance Committee.

Nominees must have held Canadian citizenship or Canadian residency at some point in their careers. Deceased athletes, coaches, and builders are eligible for induction in the 'In Memoriam' category.

In general, nominees must have made a significant contribution to the growth and development of the sport and demonstrated their dedication to the highest ideals of competition.

Specifically:

- Athlete nominees must have achieved significant success in international competition. Athletes may be nominated as individuals or as members of a relay team. Athletes must be retired from international competition for a minimum of three years at the time of their nomination.
- Coach nominees must have achieved significant success in international or national competition over a sustained period. Coaches may be active or inactive at the time of their nomination.
- Builder nominees must have made a significant contribution to the development of the sport over a sustained period. Builders may be active or inactive at the time of their nomination.

- The significance and scope of the nominee's achievements
- The nominee's dedication to the sport
- The consistency of the nominee's contribution to the sport of athletics

140 Commissioner's Office – Terms of Reference

140.01 Purpose

Athletics Canada's Commissioner's Office was established to make informed decisions in four areas of Athletics Canada operations – carding, selection, eligibility, and discipline. Athletics Canada's Board of Directors vests the Commissioner's Office to be the autonomous authority in these areas and to resolve disputes within Athletics Canada efficiently, effectively, and fairly.

140.02 Authority

Athletics Canada's Board of Directors hires individuals to fill the Commissioner's Office and reviews the progress of the Commissioner's Office at the end of every year-long term. The Board cedes complete and autonomous decision-making authority to the Commissioner's Office during the length of the term and the Commissioner's Office does not report to the Board of the Directors or to Athletics Canada staff.

140.03 Description

The Commissioner's Office consists of two individuals who are retained by Athletics Canada. Each individual must enter into an agreement with Athletics Canada that contains the following items:

- Compensation (per diem)
- Annual Review (guided by the criteria listed in the Review section below)
- Termination conditions
- Confidentiality
- Other terms common to arbitrator agreements

Between the two individuals occupying the Commissioner's Office, one individual will be the Acting Commissioner. Generally, the same individual will always be the Acting Commissioner (which is reflected in that individual's agreement) but this individual should rely on the other individual in instances of:

- Complex cases (wherein the two individuals occupying the Commissioner's Office should discuss the case)
- Conflicts of Interest (wherein the Acting Commissioner should defer the Acting Commissioner title to the other, non-conflicted individual)
- Language (wherein at least one of the individuals should be fluent in French and a case to be discussed in French should be handled by the French-speaking individual)
- Multiple ongoing cases (wherein each individual would be the Acting Commissioner for a respective case)
- Unavailability (wherein the available individual would be the Acting Commissioner)

140.04 Appointment

Athletics Canada's Board of Directors shall consider the following qualifications and skills (among others) when retaining individuals for the Commissioner's Office:

- Language fluency (multiple languages are an asset)
- Adjudication Dispute resolution experience
- Understanding of the Canadian sport system
- Reasonable perception of neutrality in disputes involving Athletics Canada

- Comfort in complex situations, ability to consider multiple perspectives and contexts, strong decision making record (in sport or other areas), respected by peers, strong ability to communicate for understanding by laypersons, appreciation of timely decision-making

Individuals are appointed to the Commissioner's Office for a one-year term that may be renewed, following a review, at the discretion of Athletics Canada's Board of Directors.

140.05 Scope

The Commissioner's Office is responsible for hearing the following:

- Athlete appeals of **carding** decisions
- Athlete appeals of **selection** decisions
- Athlete appeals of **eligibility** decisions
- **Complaints** of violations of Athletics Canada's *Code of Conduct and Ethics*

The Commissioner's Office may not involve itself in bylaws amendments or decisions made by the Members of Athletics Canada at meetings of the Members.

140.06 Procedures - General

The following general procedures will apply to all dispute resolution procedures undertaken by the Commissioner's Office:

1. The Commissioner's Office has the discretion to assist the parties with procedural issues without becoming an advocate for either party.
2. The Commissioner's Office will determine all deadlines, at all times respectful of the urgency of the situation, particularly in relation to carding and selection appeals. Deadlines may be changed at the discretion of the Commissioner's Office, with notice to all parties.
3. In cases where either party is a group or organization (such as Athletics Canada), the group or organization will name an individual to be the contact person during the dispute.
4. Each party is permitted to have a representative (counsel or other individual) represent the party during the dispute.
5. Additionally, a party who is a minor has the right to have a parent or guardian act for the party and/or attend an in-person or conference call hearing.
6. When an in-person hearing or conference call hearing is held, and Athletics Canada is not one of the parties, Athletics Canada is permitted to have an observer attend the hearing.
7. All documents and arguments submitted during a dispute resolution procedure are considered to be confidential and may not be communicated to groups or individuals not involved in the dispute.
8. When the Commissioner's Office issues a decision, the reasons for the decision will be communicated in writing to all parties and submitted to Athletics Canada for retention and/or distribution (if necessary or required by the content of the decision). In cases where time is essential, the Commissioner's Office may issue a verbal decision with written reasons to follow at a later date.
9. The Commissioner's Office shall retain a record of all written decisions made for the purpose of developing jurisprudence.
10. All athlete appeals of carding decisions, selection decisions, eligibility decisions, or complaints of violations of Athletics Canada's *Code of Conduct and Ethics* must be accompanied by a fee of \$250 (payable to Athletics Canada). This amount will be returned if the appeal is successful or complaint is found to be legitimate.

140.07 Procedures – Carding, Selection, Eligibility

The Commissioner's Office is empowered to resolve appeals of carding, selection, and eligibility decisions in any manner. However, to ensure procedural fairness in the resolution of the appeal, the Commissioner's Office must be guided by the following procedures:

1. Appeals of carding, selection, and eligibility decisions must contain:
 - a) date the decision was made;
 - b) content of the decision;
 - c) identity and contact information of the Appellant;
 - d) identity of any affected parties if the decision were to be changed (if known);
 - e) a description of the decision;
 - f) the Appellant's reasons why the decision made was improper or incorrect; and
 - g) the requested remedy or solution.

 - a) For carding appeals – 14 days
 - b) For selection appeals – five (5) days of the date that the affected athlete is notified of the decision to be appealed. Appeal deadlines imposed by external organizations will supersede this Rule.
 - c) For eligibility appeals – 7 days
3. If the Commissioner's Office decides that the appeal has not been submitted within a reasonable timeframe, or if a reasonable explanation for requesting an extension has not been provided, then the appeal is dismissed.
4. Upon receiving the appeal, the Commissioner's Office may determine that the appeal is frivolous or vexatious, outside of the jurisdiction of the Commissioner's Office, or that the Appellant's reasoning is incomplete or inaccurate. Such appeals will be dismissed unless the Commissioner's Office permits the complaint to be resubmitted with more complete or accurate reasoning.
5. The Respondent will be provided with the content of the appeal and instructed to submit a response to the Commissioner's Office.
6. By communicating with each of the parties (the Appellant and the Respondent), the Commissioner's Office will first determine if it is possible to reach a resolution to the dispute by mediation. If so determined, the Commissioner's Office will refer the mediation process to a resolution facilitator of the Sport Dispute Resolution Centre of Canada (SDRCC).
7. If mediation fails or is not possible, the Commissioner's Office must liaise with Athletics Canada staff to determine which (if any) parties or athletes may be affected by the appeal. Affected parties will be provided with the appeal and the response and will be offered the opportunity to submit a response that will be shared with the other parties.
8. The Appellant will be provided with the Respondent's response and will be permitted to submit a short rebuttal document to the Commissioner's Office. The rebuttal document will be provided to the other parties.

9. The Commissioner's Office, in consultation with the parties, will determine if an in-person hearing, a conference call hearing, or a hearing on documentary evidence alone is the most effective method to share and consider the evidence relating to the appeal.
10. If an in-person hearing or conference call hearing is necessary, the parties (along with any affected athletes, and other interested individuals identified by the Commissioner's Office) will be invited to participate alongside a representative or counsel (if desired). The hearing will take a form specified by the Commissioner's Office wherein the parties and/or the Commissioner's Office may ask questions about the evidence submitted by any party.
11. Following the hearing (if held) or the conclusion of the documentary submissions, the Commissioner's Office will issue a written decision with reasons. The written decision will:
 - i. Reject the appeal and confirm the decision being appealed;
 - ii. Uphold the appeal and refer the matter back to the initial decision-maker for a new decision;
 - iii. Uphold the appeal and vary the decision, but only where it is found that an error occurred and such an error cannot be corrected by the original decision-maker for reason of lack of clear procedure, lack of time, or lack of neutrality; or
 - iv. Determine whether costs of the appeal, excluding legal fees and legal disbursements of any parties, will be assessed against any party. In assessing costs, the Commissioner's Office will take into account the outcome of the appeal, the conduct of the parties, and the parties' respective financial resources.
12. The Commissioner's Office's written decision, with reasons, will be distributed to all parties. The decision will be considered a matter of public record (unless decided otherwise by the Commissioner's Office).

140.08 Procedures – Complaints

If the Commissioner's Office decides that the complaint has not been submitted within a reasonable timeframe then it may be dismissed.
3. Upon receiving the complaint, the Commissioner's Office may determine that the complaint is frivolous or vexatious, outside of the jurisdiction of the Commissioner's Office, or that the description of the incident is insufficient. Such complaints will be dismissed unless the Commissioner's Office permits the complaint to be resubmitted with more complete or accurate reasoning.

4. By communicating with each of the parties (the Appellant and the Respondent), the Commissioner's Office will first determine if it is possible to reach a resolution to the dispute by mediation. If so determined, the Commissioner's Office will refer the mediation process to a resolution facilitator of the Sport Dispute Resolution Centre of Canada (SDRCC).
5. During the complaint procedure, the Commissioner's Office may decide that the alleged incident is of such seriousness as to warrant suspension of an individual pending completion of any criminal process, or of the complaint procedure and the release of a decision by the Commissioner's Office.

The person in authority can be, but is not restricted to being, staff, event group leaders, team managers, officials, coaches, judges, organizers, or Athletics Canada decision-makers. The hearing will take a form specified by the Commissioner's Office wherein the parties and/or the Commissioner's Office may ask questions about the content of the evidence submitted

Following the hearing (if held) or the conclusion of the documentary submissions, the Commissioner's Office will issue a written decision resolving the complaint. In the event there is no provision for doping control, or if the athlete was not selected for testing, the athlete must inform Athletics Canada within 24 hours of their

notification that a pending record has been established via electronic message that a pending record has been set. It is then the responsibility of Athletics Canada to determine if target testing will occur.

- 180** In Field Events, a record-breaking performance will be accepted upon re-certification of the equipment/implements used during the competition. Re-certification must be done at the end of the competition by a qualified Technical Manager.

Except as provided for in Athletics Canada **Rule 184**, whenever a Canadian record is to be claimed, the meet director and/or the athlete or his representative shall be responsible for ensuring that the official Athletics Canada Record Form (see Appendices B and C) is completed and forwarded to Athletics Canada, and to the Member Branch Office in whose territory the meet was conducted, and to the Member Branch Office of which the athlete is an Associate.

- 216** Weight Throw
- a. In making a throw, the competitor may choose to assume any starting position and shall use both hands, holding the weight exclusively by the handle and release from both hands
 - b. In all other respects, the rules for the Hammer Throw shall govern.
 - c. Construction – The weight shall consist of three parts: a head, a handle and a connection assembly which may contain a harness.
 - 1) Head – the head shall be a solid sphere or a spherical bladder. The solid sphere shall be made of a metal not softer than brass, or of a shell of such metal or plastic filled with lead or other material, which will not deform on impact. If a filling is used, it must be inserted in such a manner that it is immovable and that the center of gravity shall be not more than 9mm from the center of the sphere. The maximum diameter of a sphere with a shell of plastic shall be no more than 15mm larger in diameter than the corresponding all metal implement and may only be used for indoor competitions. Where indoor facilities dictate and for weights lighter than 56 lbs., a spherical bladder head may be used. The spherical bladder shall be made of a synthetic material which will return to its shape after impact. The bladder shall be filled with lead shot or other suitable material. The bladder shall be surrounded by a harness and have no maximum diameter requirement.

- 2) Handle – the handle shall be made of round steel rod not to exceed 12.7mm in diameter, bent in a triangular shape so that no side exceeds 190mm nor is smaller than 100mm, inside measurement. A handle with no permanent connection point shall have two sides of equal length and the third side of less than or equal length. When the overall length of the implement is measured, the equal and longest sides must form the vertical sides of a triangle. The handle must be rigid and not show evidence of elasticity or malformation upon being thrown.
 - 3) Connection – the handle shall be connected either directly to the head or to a harness. The direct connection shall be by means of no more than two steel links (loops), whose diameters shall not exceed 9.5mm. The handle shall be connected to the steel links by a loop; a swivel may not be used. The head may be connected to the links by means of a swivel that may be either plain or with ball bearings for the solid sphere implement. For the plastic filled implement, a swivel is allowed between the ball and the handle. The connection to a harness for the bladder type implement shall be by means of no more than two steel links (loops), whose diameter shall not exceed 9.5mm and a swivel may be placed between the two links. The harness shall have a minimum of four straps, sewn together to form a sling. Netting of any kind shall not be used to form the harness. The harness must not show evidence of elasticity or malformation upon being thrown.
- d. Length – the overall length of the complete implement, from the bottom surface of the head to the inside surface of the handle (grip), shall not exceed 40.64cm at any time.
