4 FINAL PHASE PREPARATION REQUIREMENTS

Athletes are expected to demonstrate final phase preparation and be able to deliver a peak performance at the Pan Am Race Walk Cup. An athlete’s selection will not be confirmed until they complete the process outlined below and they will be deselected if the process is not completed.

4.1 Training and Competition Plan

Selected athletes (and/or their coaches) are required to present a training and competition plan for the time period between April 10 – May 14, 2017 to Manager, Athlete Services Corey Dempsey at cdempsey@athletics.ca on or before April 10, 2017.

All plans must address the following:

1. The schedule and list of planned competitions, travel and training locations.
2. Present a training cycle for the final phase showing patterns of training load and recovery on a weekly basis.
3. Injury prevention and medical intervention strategies if applicable.

Athletes must notify AC in **WRITING** of any changes to their plans.

4.2 Injury or Illness

Athletes who arrive at an international competition injured or ill consume a disproportionate amount of IST time and resources that should be spent on preparing healthy athletes to compete at their best. It is therefore AC's intention to work with the selected athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and long-term potential is optimized. With this in mind, the NTC reserves the right to deselect

Updated: March 2, 2017

injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

Once selected, and ongoing until the Pan Am Race Walk Cup, athletes are required to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Notification must be sent immediately to Manager, Athlete Services Corey Dempsey at cdempsey@athletics.ca.

Once notified of an athlete's injury, illness or change in training status that could affect their performance, AC team staff will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete at their best. This determination will comprise of two steps:

STEP 1: Medical Clearance

Generally done by local IST in collaboration with National IST and consists of 2 phases:

- a) An initial medical evaluation and paramedical assessment(s) to confirm the diagnosis and determine if/when the athlete is fit to return to full training or competition.
- b) A functional evaluation by IST with experience specific to the event demands (and injury or illness if applicable). This may include assessment of the athlete's movement pattern, for example, during a run, hurdle, jump, walk, or throw to identify dysfunctional movement patterns that may be contributing to the injury and potentially increase the risk of re-injury or undermine their competition performance.

STEP 2: Specific Evaluation

Following functional clearance by the medical team, a more comprehensive physical readiness test (the "Performance Test") to compete will be established as follows:

- Determination of the Performance Test will involve the AC National Event Group Coach, the event Head Coach, and the Personal Coach.
- The Performance Test will vary according to the event, injury or illness.
- The Performance Test will be objective, measurable, fair, realistic, specific to the event, and challenging.

If readiness cannot be established the athlete's selection and entry will not be confirmed and he/she will not travel with the team

In the case that the athlete is deemed unfit to resume training/competition, or does not meet the Performance Test standard, the athlete would be declared unready for

competition and the results of the two steps will be forwarded to the NTC for a decision.

The NTC will use all available information at their disposal including performance results and progress in the final phase, suitability of the training and competition plan, fitness and other final phase indicators, consultation with the AC National Event Group Coach, AC National IST leads, the athlete's personal IST, and any other performance related information (ie Performance Test results when applicable) to determine if the injured/ill athlete will be deselected and will not travel with the team.

The NTC may nominate the next eligible athlete, provided that the alternate athlete has proven their preparation during the final phase and meets all event specific requirements in regards to qualifying standards and timelines.

4.3 Health Questionnaire and Anti-Doping

Upon selection, all athletes will be required to complete a Medical Information Form. These questionnaires will ask athletes to declare all supplements and medications that are being used prior, during and after the event. Athletes who need to take medications while competing **must** ensure they have a completed and approved IAAF Therapeutic Use Exemption (TUE), if required, prior to selection. **Note:** It is not the responsibility of the AC team physicians to complete the documents for TUEs on behalf of the athlete. This should be done by the physician who prescribed the medication that requires the TUE. AC team physicians are available, however, for questions related to whether or not a TUE is required. Information regarding the TUEs for IAAF events can be found here:

<https://www.iaaf.org/about-iaaf/documents/anti-doping>.

5 APPEALS

Only athletes who are eligible to be considered for selection (see sections 1.3 and 3) and who have achieved the standard (see Appendix A) during the Qualifying Period (see section 1.2) may submit an appeal for selection to the Commissioner's Office. Please refer to the National Team Selection – Rule Book and the AC Rules and By-laws Section 140.06 & 140.07 for further information. An appeal has to be submitted to the following e-mail address

athleticscanadacommissioner@gmail.com.

Contact the Chief Financial Officer Sylvie King (Sylvie.king@athletics.ca) for payment options of the \$250 appeal fee. The appeal will not be reviewed until the appeal fee has been paid.
