1.10 Team Size

The Canadian team competing at the 2017 IPC World Para Athletics Junior Championships will have a team size that is limited by available funding. The maximum team size will be 8 athletes including guides/sport assistants.

2. TEAM OBJECTIVE

- To support the development of our Junior/NextGen athletes by providing exposure to the preparation and execution of international competition at a major games.

3. SELECTION PROCESS

All selections will be made in accordance with Athletics Canada's (AC) [National Team – Selection Rules Book](#).

NOTE: It is the responsibility of the athlete to submit eligible performances to Athletics Canada at results@athletics.ca in order to be considered for selection.

3.1 The National Team Committee (NTC)

The NTC is comprised of the following:

- **Chair**
- **Voting Members** - Athletics Canada Technical Staff (two), Event Specialists (two), Branch Representatives (two, as designated by Branch Council), and Athlete Representatives (two, as designated by the Athlete Directors). In the case of a tie, the Chair of the NTC has the tie-breaking vote.
- **Non-Voting** – Can be asked to be present at parts of an NTC selection meeting depending on expertise and input required, but might include: Athletics Canada coaching and Integrated Support Team (“IST”) staff as necessary, statistician, legal advisor, as required.

3.2 Eligibility Pool

The Eligibility Pool is defined as all eligible athletes (see section 1.3) who have achieved the minimum required score on the 2017 World Para Athletics Scores Calculator (<https://www.paralympic.org/athletics/events/rules-and-regulations>) during the Qualifying Period (see section 1.2).

Minimum Scores

- Athletes born in 2000 or 2001 – 600 points
- Athletes born in 1998 or 1999 – 700 points

Additional athletes may be placed in the eligibility pool at the discretion of the NTC in efforts to fill the team size quota.

Only athletes from the Eligibility Pool can be selected to the team. **Being in the Eligibility Pool does not guarantee selection.**

3.3 Selection Process

Athletes in the eligibility pool will be ranked based on their proximity to the 3rd ranked performance on the IPC rankings within the qualifying period calculated as a percentage.

***NOTE:** rankings will include all classes for combined class events.

- Step 1: The first ranked athlete in each of the 5 classification *groups* will be selected (11-13's, 20's, 30's, 40's, 50's).

- Step 2: The second ranked athlete in the 5 classification *groups* will be considered in priority ranking until the quota is filled.
- Step 3: If the quota has not been filled, all other athletes from the eligibility pool will be considered in rank order until the quota is filled.

4 FINAL PHASE PREPARATION REQUIREMENTS

Athletes are expected to demonstrate final phase preparation and be able to deliver a peak performance at the IPC World Para Athletics Junior Championships. An athlete's selection will not be confirmed until they complete the process outlined below and they will be deselected if the process is not completed.

4.1 TRAINING AND COMPETITION PLAN

Selected athletes (and/or their coaches) are required to present a training and competition plan for the time period between June 19 - August 6, 2017 to Athlete Services Manager, Corey Dempsey at cdempsey@athletics.ca on or before June 11, 2017.

All plans must address the following:

1. The schedule and list of planned competitions, travel and training locations. (NOTE: plans must follow AC published event specific time frames for the final preparation camp).
2. Present a training cycle for the final phase showing patterns of training load and recovery on a weekly basis.
3. Injury prevention and medical intervention strategies if applicable.

Athletes must notify AC in **WRITING** of any changes to their plans.

4.2 Injury or Illness

Athletes who arrive at an international competition injured or ill consume a disproportionate amount of IST time and resources that should be spent on preparing healthy athletes to compete at their best. It is therefore AC's intention to work with the selected athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and long-term potential is optimized. With this in mind, the NTC reserves the right to deselect injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

Once selected, and ongoing until the World Junior Championships, athletes are required to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Notification must be sent immediately to Corey Dempsey at cdempsey@athletics.ca.

Once notified of an athlete's injury, illness or change in training status that could affect their performance, AC team staff will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete at their best. This determination will comprise two steps:

STEP 1: Medical Clearance

Generally done by local IST in collaboration with AC's national IST and consists of 2 phases:

- a) An initial medical evaluation and paramedical assessment(s) to confirm the diagnosis and determine if/when the athlete is fit to return to full training or competition.
- b) A functional evaluation by IST with experience specific to the event demands (and injury or illness if applicable). This may include assessment of the athlete's movement pattern, for example, during a run, jump, wheel, or throw to identify dysfunctional movement patterns that may be contributing to the injury and potentially increase the risk of re-injury or undermine their competition performance.

STEP 2: Specific Evaluation

Following medical clearance by the medical team, a more comprehensive physical readiness test (the "Performance Test") to compete will be established as follows:

- Determination of the Performance Test will involve the AC national event group coach, the event head coach, and the personal coach.
- The Performance Test will vary according to the event, injury or illness.
- The Performance Test will be objective, measurable, fair, realistic, specific to the event, and challenging.

In the case that the athlete is deemed unfit to resume training/competition, or does not meet the Performance Test standard, the athlete would be declared unready for competition and the results of the two steps will be forwarded to the NTC for a decision.

The NTC will use all available information at their disposal including performance results and progress in the final phase, suitability of the training and competition plan, fitness and other final phase indicators, consultation with the AC national event group coach, AC national IST leads, the athlete's personal IST, and any other performance related information (ie Performance Test results when applicable) to determine if the injured/ill athlete will be deselected and will not travel with the team.

The NTC may nominate the next eligible athlete, provided that the alternate athlete has proven their preparation during the final phase and meets all event specific requirements in regards to qualifying standards and timelines.

4.3 Health Questionnaire and Anti-Doping

Upon selection, all athletes will be required to complete a Medical Information Form. These questionnaires will ask athletes to declare all supplements and medications that are being used prior, during and after the event. Athletes who need to take medications while competing **must** ensure they have a completed and approved IPC Therapeutic Use Exemption (TUE), if required, prior to selection. **Note:** It is not the responsibility of the AC team physicians to complete the documents for TUEs on behalf of the athlete. This should be done by the physician who prescribed the medication that requires the TUE. AC team physicians are available, however, for questions related to whether or not a TUE is required. Information regarding the TUEs for IPC events can be found here:

<https://www.paralympic.org/the-ipc/anti-doping/tue>

5 APPEALS

Only athletes who are eligible to be considered for selection (see sections 1.3 and 3) may submit an appeal for selection to the Commissioner's Office. Please refer to the National Team Selection – Rule Book and the AC Rules and By-laws Section 140.06 & 140.07 for further information. An appeal has to be submitted to the following e-mail address athleticscanadacommissioner@gmail.com.

Contact the Chief Financial Officer, Sylvie King (sylvie.king@athletics.ca) for payment options of the \$250 appeal fee. The appeal will not be reviewed until the appeal fee has been paid.

Due to the IPC Entry deadline (June 22, 2017), appeals must be submitted to the Commissioner's office by the end of day June 16, 2017.

6 AMENDMENTS TO THE CRITERIA

The NTC reserves the right to amend the Criteria prior to the Selection Date. The NTC may amend the Criteria under the following circumstances:

1. When additional (or altered) information that is deemed relevant by the NTC to the Criteria is provided by external parties, such as (but not limited to) an event organizing committee, Sport Canada, the Canadian Paralympic Committee, IPC, or any other relevant organization; and
2. To correct, clarify or amend any inconsistencies, errors or omissions in the Criteria.

Any amendments made by the NTC are deemed to come into effect immediately upon publication on the AC website. The NTC will publish the amended Criteria by whatever means and wherever the original Criteria were published.
