

## 2018 PAN AMERICAN COMBINED EVENTS CUP SELECTION CRITERIA

### OVERVIEW

All selections will be made in accordance with Athletics Canada's ("AC") [National Team – Selection Rules Book](#). AC is limited in entries by PASO rules and regulations that will always take precedence should there be any contradictions contained within the Selection Criteria (the "Criteria"). The National Team Committee ("NTC") is responsible for the implementation of the Criteria and has the sole authority and discretion to make all decisions relating to the selection of the team for the 2018 Pan American Combined Events Cup. The size of the team is subject to certain limitations from organizing partners or budget constraints at AC.

### 2 TEAM OBJECTIVES

To select a team of top ranked athletes who are ready to perform at a seasons best (SB) / personal best (PB) level.

### 3 SELECTION PROCESS

All selections will be made in accordance with [AC's National Team – Selection Rules Book](#).

**NOTE: It is the responsibility of the athlete to submit eligible performances to Athletics Canada at [results@athletics.ca](mailto:results@athletics.ca) in order to be considered for selection.**

May 3<sup>rd</sup> 2018

### 3.1 The National Team Committee (previously defined as the NTC)

The NTC is comprised of the following members:

- **Chair**
- **Voting Members** – AC Technical Staff (two), Event Specialists (two), Branch Representatives (two, as designated by Branch Council), and Athlete Representatives (two, as designated by the Athlete Directors). In the case of a tie, the Chair of the NTC has the tie-breaking vote.
- **Non-Voting** – At the discretion of the Chair, individuals may be asked to be present at parts of an NTC Selection Meeting depending on expertise and input required, which might include: any AC coaching staff and Integrated Support Team (“IST”) staff, a statistician, a legal advisor or any other individual, as required.

### 3.2 Selection Process

The top two (2) ranked eligible athletes (see section 1.3) during the Qualifying Period (see section 1.2) may be selected.

NOTE: Ties will be broken in the following order of priority:

- 1) Second best performance within the Qualifying Period; and
- 2) Head-to-head results within the Qualifying Period.

If athletes remain in a tie, the NTC may apply its discretion to break the tie based on the team objectives.

## 4 FINAL PHASE PREPARATION REQUIREMENTS

### 4.1 Injury or Illness

Athletes who arrive at an international competition injured or ill take a disproportionate amount of IST time and resources that should be spent on preparing athletes that are healthy and ready to compete. It is therefore AC's intention to work with the selected athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and long-term potential is optimized. With this in mind, the NTC reserves the right to deselect injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

From the moment of selection, and ongoing until the 2018 Pan American Combined Events Cup, athletes have an obligation to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Any notification must be sent immediately to Corey Dempsey at [cdempsey@athletics.ca](mailto:cdempsey@athletics.ca).

Once notified of an athlete's injury, illness or change in training status that could affect their performance, AC team staff will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete. This determination will comprise of two steps:

#### **STEP 1: Medical Clearance**

Generally done by local IST in collaboration with AC's national IST and consists of 2 phases:

- 1) An initial medical evaluation and paramedical assessment(s) to confirm the diagnosis and determine if/when the athlete is fit to return to full training or competition.
- 2) A functional evaluation by IST with experience specific to the event demands (and injury or illness if applicable). This may include assessment of the athlete's movement pattern, for example, during a run, hurdle, jump, walk, or throw to identify dysfunctional movement patterns that may be contributing to the injury and potentially increase the risk of re-injury or undermine their competition performance.

#### **STEP 2: Specific Evaluation**

Following medical clearance by the medical team, a more comprehensive physical readiness test (the "Performance Test") to compete will be established as follows:

- Determination of the Performance Test will involve the AC national event group coach, the event head coach, and the personal coach.
- The Performance Test will vary according to the event, injury or illness.
- The Performance Test will be objective, measurable, fair, realistic, specific to the event, and challenging.

May 3<sup>rd</sup> 2018

In the case that the athlete is deemed unfit to resume training/competition, or does not meet the Performance Test standard, the athlete would be declared unready for competition and the results of the two steps will be forwarded to the NTC for a decision.

The NTC will use all available information at their disposal including performance results and progress in the final phase, fitness and other final phase indicators, consultation with the AC national event group coach, AC national IST leads, the athlete's personal IST, and any other performance related information (ie Performance Test results when applicable) to determine if the injured/ill athlete will be deselected and will not travel with the team.

The NTC may nominate the next eligible athlete, provided that the alternate athlete has proven their preparation during the final phase and meets all event specific requirements in regards to qualifying standards and timelines.

#### 4.3 Health Questionnaire and Anti-Doping

Upon selection, all athletes will be required to complete a Medical Information Form.

These questionnaires will ask athletes to declare all supplements and medications that are being used prior, during and after the event. Athletes who need to take medications while competing **must** ensure they have a completed and approved IAAF Therapeutic Use Exemption (TUE), if required, prior to selection. **Note:** It is not the responsibility of the AC team physicians to complete the documents for TUEs on behalf of the athlete. This should be done by the physician who prescribed the medication that requires the TUE. AC team physicians are available, however, for questions related to whether or not a TUE is required. Information regarding the TUEs for IAAF events can be found here: <https://www.iaaf.org/about-iaaf/documents/anti-doping>.

## 5 APPEALS

Only athletes who are eligible to be considered for selection (see sections 1.3 and 3) may submit an appeal for selection to the Commissioner's Office. Please refer to the [National Team Selection – Rule Book](#) and the [AC Rules and By-laws](#) Section 140.06 & 140.07 for further information. An appeal has to be submitted to the Commissioner's Office at [athleticscanadacommissioner@gmail.com](mailto:athleticscanadacommissioner@gmail.com).

Contact the Chief Financial Officer Sylvie King ([sylvie.king@athletics.ca](mailto:sylvie.king@athletics.ca)) for payment of the applicable \$250 appeal fee. The appeal will not be reviewed until the appeal fee has been paid.

## 6 AMENDMENTS TO THE CRITERIA

The NTC reserves the right to amend the Criteria prior to the Selection Date. The NTC may amend the Criteria under the following circumstances:

1. When additional (or new) information that is deemed relevant by the NTC to the Criteria is provided by external parties, such as (but not limited to) an event organizing committee, Sport Canada, the Canadian Olympic Committee, IAAF, or any other relevant organization, as applicable; and
2. To correct, clarify or amend any inconsistencies, errors or omissions in the Criteria.

Any amendments made by the NTC are deemed to come into effect immediately upon publication on the AC website. The NTC will publish the amended Criteria by whatever means and wherever the original Criteria were published.
