NACAC will invite athletes to create the Americas team at the Youth Olympic Games. NACAC will only invite athletes on each country's long list, and their selections will be based on the Pan American region U18 ranking list. Currently our COC quota allocation is ten athletes (meaning that we can only use up to 10 of the slots offered by NACAC). We will use this list to prioritize athletes. However, as NACAC choose who to invite, being in our (AC's) top ten does not guarantee a place on the team. It is possible for our COC quota to increase, if that happens we will continue to use this list to prioritize athletes
