

2019 PAN AMERICAN GAMES

Ranking List updated June 24 2019

1.4 Events

100m, 200m, 400m, 800m, 1500m, 5000m, 10,000m, Marathon, 3000m S/C, 100mH/ 110mH, 400mH, 20km Race Walk, 50km Race Walk, HJ, PV, LJ, TJ, SP, DT, HT, JT, Heptathlon/Decathlon, 4 x 100m, 4 x 400m

1.5 Event Quota

A maximum of two (2) athletes per country per individual event* and a maximum of six (6) athletes per relay event.

* The APA may invite additional athletes in any event that did not meet its target number of entries (see Appendix B); they will make these additional invitations on June 26, 2019 (see 3.2.3 for how the NTC will consider these invitations).

1.6 Team Quota

AC will expect to have a maximum Team Quota of 45 athletes, however AC reserves the right to increase the Team Quota should budget allow.

3.2 Nomination Process

3.2.2 Athlete Nominations

a) Athletes who have met the eligibility requirements of section 1.3 and achieved the necessary Qualifying Standard (see Appendix A) during the Qualifying Period (see section 1.2) will be known as “Qualified Athletes”.

b) Relay teams eligible for invitation by the APA will be known as “Qualified Relays” (see section 3.3).

c) All Qualified Athletes will be ranked using their World Ranking (see section 3.2.4 (a)).

d) All Qualified Relays will be added to this ranking list, and will be ranked using their World Ranking (see section 3.2.4 (b)).

e) Qualified Athletes and/or Qualified Relays will be nominated in this ranking order until the individual Event Quotas are filled and the overall Team Quota is filled (see sections 1.5 and 1.6) or until no more Qualified Athletes and Qualified Relays remain.

Each Qualified Relay will use six (6) Team Quota slots, reduced by one each time a relay member is also nominated to an individual event. The Qualified Relay team must include any athletes nominated to the corresponding individual event (eg all male athletes nominated for the 100m must be included in the men’s 4x100m.) The Head Coach may recommend reducing any Qualified Relay to five (5) athletes.

f) If, using this ranking order, a number of Qualified Athletes and/or Qualified Relays tie for the remaining Event Quota or Competition Quota then the NTC will rank them in the order that, in their sole opinion, they consider that they are likely to finish at the 2019 **IAAF World Championships** in the corresponding event. Athletes and/or teams will be selected in this ranking order until the relevant Quota is full. The NTC may consider any factors that they consider relevant, in any order that they consider relevant, to rank athletes. These factors will include, but may not be limited to:

- i. World and domestic ranking;
- ii. Current form and fitness;
- iii. Proven ability to perform on demand
- iv. Head-to-head record against each other during the Qualifying Period

g) Once the process above is complete (the Team Quota is filled), nominated athletes who are qualified for additional events that have remaining Event Quota spots can be nominated for those events provided that the NTC believes that competing in the additional event will not negatively impact the athlete's ability to compete in their main event. If more athletes qualify for additional event nominations than there are remaining Event Quota spots then the process outlined in 3.2.1.f) above will be used to rank athletes.
