- a. These Selection Criteria (“Criteria”) set out the selection processes for the 2025 World Mountain & Trail Running Championships (WMTRC) team along with the eligibility and qualification requirements that an athlete must satisfy to be considered for selection.

Note that this clause is notwithstanding any qualification standards set by a Governing Body, The Selection Panel reserves its right to set standards that are stricter than those set by any Governing Body.
- d. The World Mountain & Trail Running Championships Selection Panel (“Selection Panel”) is responsible for the contents of this Criteria and has the sole authority and discretion to make changes to its contents. The Selection Panel has the sole authority and discretion to make decisions relating to the selection of athletes based on these criteria. The Selection Panel is covered in Section 11, below.

7. 2025 World Mountain & Trail Running Championship Events

a. Events

The Selection Panel may select athletes for the events listed immediately below. Each event is contested separately by men and by women, unless stated otherwise:

- i. **Trail Running:**
 - Long Trail
 - Short Trail
- ii. **Mountain Running:**
 - Classic Up & Down
 - Classic Up & Down (Junior/U20)
 - Senior Vertical Uphill

b. Maximum Entries per Event

- i. **Trail Running:**
 - Long Trail - up to six (6) athletes may be selected.
 - Short Trail - up to six (6) athletes may be selected.
- ii. **Mountain Running:**
 - Classic Up & Down - up to four (4) athletes may be selected.
 - Classic Up & Down (Junior/U20) - up to four (4) athletes may be selected.
 - Senior Vertical Uphill - up to four (4) athletes may be selected.

c. Maximum Events per Athlete

- i. **LOC restrictions:** There are no restrictions on the number of events for which an athlete may be selected, although Scheduling Conflicts may make some “doubles” impractical.

Selection Criteria

2025 World Mountain & Trail Running Championships

- ii. **Scheduling conflicts:** Where the Selection Panel believe that a likely scheduling conflict will impact an individual athlete's and/or the overall team's ability to meet the Team Objectives (Section 5) they may limit the number of events for which they select the impacted athlete(s). Generally, an athlete competing in either of the Short or Long Trail events would not be permitted to "double" in another event, but requests will be dealt with on a case-by-case basis. For clarity, an athlete who has been selected 'automatically' for more than one event will only have an automatic entry into their first choice of event and their selection in other events will be dependent on the competition schedule and final approval by the selection panel.

8. Selection Process

- a. The Selection Panel (Section 11) will make decisions in person or electronically, guided by these Criteria, on the Selection Meeting Date[s] (Section 4. ff).
- b. A Qualified Athlete is an Eligible Athlete (Section 13) who has achieved one or more Eligible Performances (Section 14).
- c. The Selection Panel will only consider Qualified Athletes (see above).

i. Selection Process – Classic Up & Down Event (Senior)

The Selection Process for the Senior Teams for the Classic Up & Down race will involve four (4) steps. These steps will be followed until a maximum of four (4) athletes have been selected.

Step 1 – Automatic Selection (Canadian Championships)

The 1st place eligible athlete (Section 13) at the 2024 Canadian Mountain & Trail Running Championships (Classic Up and Down) on October 13, 2024 will be selected.

Step 2 – Automatic Selection (World Championships)

Athletes placing in the top 15 at the 2023 World Mountain & Trail Running Championships held in Innsbruck, Austria will be selected based on descending order until the maximum team size of four (4) has been reached.

Step 3 – World Rankings

If any spots remain, they will be filled by those athletes ranked in the Top 50 of the [Mountain Running World Rankings](#) at the end of the Qualifying Period (see Section 4) and will be selected based on descending order until the maximum team size of four (4) has been reached. A top 50 ranked athlete will be given the opportunity to declare for either/or both of the Classic Up & Down and Vertical Uphill events depending on the final schedule of the Championships.

Selection Criteria

- Best performance during the Qualifying Period;
- Head-to-head results during the Qualifying Period;
- Results at the National Championships in this event;

For the avoidance of doubt, the Selection Panel reserves the right not to name any athlete to the team if it believes that they are not capable of finishing within 25% of the winning time at 2025 World Mountain & Trail Running Championships and could potentially interfere with race logistics.

10. Selection Meeting(s)

Selection Criteria

2025 World Mountain & Trail Running Championships

Note that by declaring interest for this team, the athlete agrees to be bound by AC Bylaws and Technical Rules and obligations specific within this Selection Criteria which include Team Travel Obligations (Section 15) and the Appeals process (Section 17). Athletes selected to a Short or Long trail event also agree to be bound by ACU rules published on their website.

14. Final Phase Preparation Requirements

- a. Athletes are expected to demonstrate final phase preparation and be able to deliver a peak performance at the 2025 World Mountain & Trail Running Championships. An athlete's selection will not be confirmed until they complete the process outlined below and they will be deselected if the process is not completed.
- b. **Injury or Illness**
Athletes who arrive at an international competition injured or ill consume a disproportionate amount of Integrated Support Team (IST) time and resources that should be spent on preparing healthy athletes to compete at their best. It is therefore the intention to work with the nominated athletes that have been injured or ill to help them recover in time for the competition with a minimal impact to training, or (in the event that full recovery is not possible for this competition) to ensure full recovery so that full training can resume and long-term potential is optimized. With this in mind, the Selection Panel reserves the right to deselect injured/ill athletes who are not sufficiently healthy/fit to perform at their best at the competition.

Once selected, and until the 2025 World Mountain & Trail Running Championships, athletes are required to immediately report any injury, illness, or change in training status that could affect their ability to compete at their highest level. Failure to properly report injury or illness prior to the event may result in the athlete being deselected and held financially responsible for all the athlete's costs associated with the event. Notification must be sent immediately to chris.winter@athletics.ca

Once notified of an athlete's injury, illness or change in training status that could affect their performance, national team staff & coaches will work with the athlete, coach and local/national team IST resources to ensure that a complete injury and illness assessment has

Selection Criteria

2025 World Mountain & Trail Running Championships

occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete at their best.

15. Eligible Performances

- a. An Eligible Performance will be a competition result that:
 - i. was achieved within the Qualification Period (Section 4); and
 - ii. was achieved by an Eligible Athlete (Section 13).

16. Team Travel Obligations

- a. Athletes who wish to participate on a National Team are required to comply with the National Team travel plans as they pertain to travel and accommodation schedules for the 2025 WMTRC.
- b. By declaring interest for consideration for this team, athletes will strive to participate in any pre-competition training camp(s) and to participate for the full duration of the event specified in Section 4 (i.e., the 2025 WMTRC).
- c. By accepting a position on this team, athletes also agree to travel on the official traveling dates.
- d. In extraordinary circumstances, exceptions to these Team Travel Obligations may be granted at the Selection Panel's sole discretion. The request for an exemption must be made in writing to the Chair of the Selection Panel (i.e., the Athletics Canada representative) in advance of travel dates; requests must be made on or before the Final Declaration Deadline (Section 4.ee).
- e. Failure to comply with these Team Travel Obligations may result in de-selection from this team and may affect current high performance support status (for example CAPP or AAP support) and/or future high performance support eligibility. Any additional costs incurred as a result of failure to comply with these Team Travel Obligations will be the sole responsibility of the athlete.

17. On-Site Decision Making Authority

- a. To ensure at-competition decisions may be made quickly and decisively in the best interest of performance, the following delegation of authority and processes for making final confirmation of entries onsite at the event will apply. This includes, but is not limited to, decisions around removal of an athlete from the team, injuries and /or use of alternates.

Selection Criteria

2025 World Mountain & Trail Running Championships

- b. Starting on the Team Travel Date (Section 4.gg) all final Decision Making Authority (“DMA”) will reside with the team’s appointed Head Coach.
- c. As per competition regulations, the athletes entered to compete in individual events will be confirmed during the competition. The timing is to be confirmed by the LOC but typically confirmations will be made before noon two days before the first day of competition and before 9am the day before each remaining day of competition. Any final changes of the team will be made by the Head Coach (or whomever has the DMA).

18. Appeals

a. Who Can Appeal

Athletes who are directly affected by a selection decision have the right to appeal.

b. Filling a First Appeal

- i. Athletes should refer to the Commissioner’s Office – Terms of Reference for the full procedure for filing an appeal (see <http://athletics.ca/federation/governance/policies-rules-laws/>).
- ii. In the first instance, Appeals must be sent to the AC Commissioners’ Office via e-mail (to commissioner@athleticscommissioner.ca) within the Appeals Period (Section 18.c below).
- iii. All appeals must be accompanied by a fee of \$250 (payable to Athletics Canada). This amount will be returned if the appeal is successful. Contact appeals@athletics.ca for payment options.

c. Appeals Period

The Appeals Period starts when the Official Team Announcement is made (see Section 12) and ends **five (5)** calendar days later. (So if the Official Team Announcement is made on Monday the Appeals Period ends at midnight on the following Saturday.)

d. Grounds for an Appeal

The Commissioners’ Office will determine whether an appeal will be considered, based on the following factors:

- i. The Selection Panel failed to follow the processes outlined in this Selection Criteria;
- ii. The selection decision was based on an error of fact; or
- iii. The selection decision was influenced by bias, bias being defined as a lack of neutrality to such an extent that the Selection Panel was unable to consider other views.

Selection Criteria

2025 World Mountain & Trail Running Championships

e. **Affected Parties**

If it is determined by the Commissioner that a first Appeal, if successful, would displace another athlete nominated to the team as per this Selection Criteria, then that athlete will be consulted as part of the Commissioner's deliberations, and will be bound by the Commissioner's decision.

f. **Injury or illness**

Where an Appeal relates to injury or illness, the athlete must supply documentation from a medical practitioner diagnosing the injury or illness. In deciding such appeals, AC's Commissioners' Office may obtain input from the AC Chief Medical Officer or designate. Any decision by the Commissioner on an appeal relating to illness or injury must take into consideration the athlete's ability to fulfill the Competitive Readiness Requirements contained in this Selection Criteria.

g. **Right to a Second Appeal**

If an athlete is not satisfied with the decision of the Commissioner, a formal second appeal may be available, timelines permitting, pursuant to The Commissioner's Office – Terms of Reference (see <http://athletics.ca/federation/governance/policies-rules-laws/>) to the Sport Dispute Resolution Centre of Canada (SDRCC).

19. Amendments

The Selection Panel reserves the right to amend these Selection Criteria. If amendments are made, they will be communicated as soon as possible through the AC and ACU websites.

Situations may arise that do not allow these criteria to be modified or applied as written due to time constraints or other exceptional and unforeseen circumstances. In such situations, any decision, including selection decisions, will be made by the individual(s) with decision-making authority, as stated in these criteria in accordance with the stated performance objectives as stated herein. Should it be necessary to make any decision in this manner, Athletics Canada will communicate with all affected individuals as soon as possible.

In addition to the above, the Selection Panel may amend the Criteria under the following circumstances:

- 1) When additional (or altered) information that is deemed relevant by the Selection Panel to the Criteria is provided by external parties, such as (but not limited to) an event organizing committee, Sport Canada, the IAU, ITRA, WMRA, World Athletics, or any other relevant organization; and
- 2) To correct, clarify or amend any inconsistencies, errors, or omissions in the Criteria.

Selection Criteria

2025 World Mountain & Trail Running Championships

Any amendments made by the Selection Panel are deemed to come into effect immediately upon publication on the AC website. The Selection Panel will publish the amended Criteria by whatever means and wherever the original Criteria were published.

20. Unforeseen Circumstances

- a. In situations where unforeseen circumstances do not allow the process for selection as contemplated in these Selection Criteria to be implemented, the Selection Panel reserves the right to determine an appropriate course of action.
